

IN THE SPECIFICATION:

Please amend the specification as follows:

Please amend Page 14, lines 10 - 21 as follows:

-- After completion of the exchange of messages regarding the communication condition restriction between the IC card 22 and ticket gate side local transceiving unit 8, the automatic ticket gate 7 is opened because the electronic ticket stored in the IC card has a qualification of passing through the ticket gate and the cellular phone 6 has the communication restriction equal to or more ~~sever~~ severe than the communication restriction set by the automatic ticket system. The user of the train 5 can enter the communication restriction area 2 from the communication non-restriction area 3.

--
